

## Stundenplan 2. Semester (SS) Master Polymer Science and Engineering

Uhrzeit	Montag	Dienstag	Mittwoch		Donnerstag	Freitag	
08.00 - 09.00		Photo-reactive Polymers			Lightweight Design and Optimization	Injection Molding Technology	Polymer Recycling Technology
09.00 - 10.00	Technical Biopolymers		Processing of FRPC				
10.00 - 11.00							
11.00 - 12.00							
12.00 - 13.00		Extrusion Technology					
13.00 - 14.00	Applied Rheology of Polymers	Fracture Mechanics	Injection Molding Technology	Polymer Recycling Technology	Additive Manufacturing with Polymers	Applied Rheology of Polymers	
14.00 - 15.00							
15.00 - 16.00	Extrusion Technology						
16.00 - 17.00							
17.00 - 18.00							
18.00 - 19.00

**Inj.Molding** Polymer Recycling  
**selber Termin aber im Semester hintereinander (geblockt)**

Technical Biopolymers  
 Applied Rheology of Polymers  
 Polymer Recycling Technology  
 Injection Molding Technology  
 Extrusion Technology  
 Processing of Fiber-Reinforced Composites  
 Fracture Mechanics of Polymers  
 Photoreactive Polymers  
 Lightweight Design and Optimization  
 Additive Manufacturing with Polymers
