

Stundenplan 3. Semester (WS) Master Polymer Science and Engineering

Uhrzeit	Montag	Dienstag	Mittwoch	Donnerstag	Freitag
08.00 - 09.00				Polymers in Medical Devices	Predicting Mechanical Failure in Polymer Components
09.00 - 10.00		Mechanical Response of Composites			
10.00 - 11.00					
11.00 - 12.00					
12.00 - 13.00					
13.00 - 14.00	Functional Integrity of Polymer Products	Circularity of Fiber-Reinforced Polymer Components	Industrial Polymer Chemistry	Coatings and Adhesives	Chemistry of Biobased Materials
14.00 - 15.00					
15.00 - 16.00					
16.00 - 17.00					
17.00 - 18.00					
18.00 - 19.00

Polymers in Medical Devices
 Chemistry of Biobased Materials
 Circularity of Fiber-Reinforced Polymer Composites
 Industrial Polymer Chemistry
 Mechanical Response of Composites
 Predicting Mechanical Failure in Polymer Components
 Functional Integrity of Polymer Products
 Coatings and Adhesives
