Works Council of the Scientific Staff

Representation of Interests of the Scientists & Organizer of the
Poster Exhibition Science 4 Technology

- We represent the interests of the scientific staff at the Montanuniversität and act as a central point of contact for all work-related concerns, questions and challenges.
- Our role is to support employees in matters such as employment conditions, contracts, career development and workplace well-being, ensuring fair and transparent treatment.

- We are committed to improving working conditions, promoting equal opportunities and fostering a respectful and inclusive work environment.
- Whether you need advice, have a concern or want to get involved, we are here to listen and support you.

- We work closely with the university leadership to advocate for the needs and perspectives of researchers, lecturers and academic staff across all departments.
- Confidentiality and trust are at the core of our work – we provide guidance and support in a discreet and professional manner.
